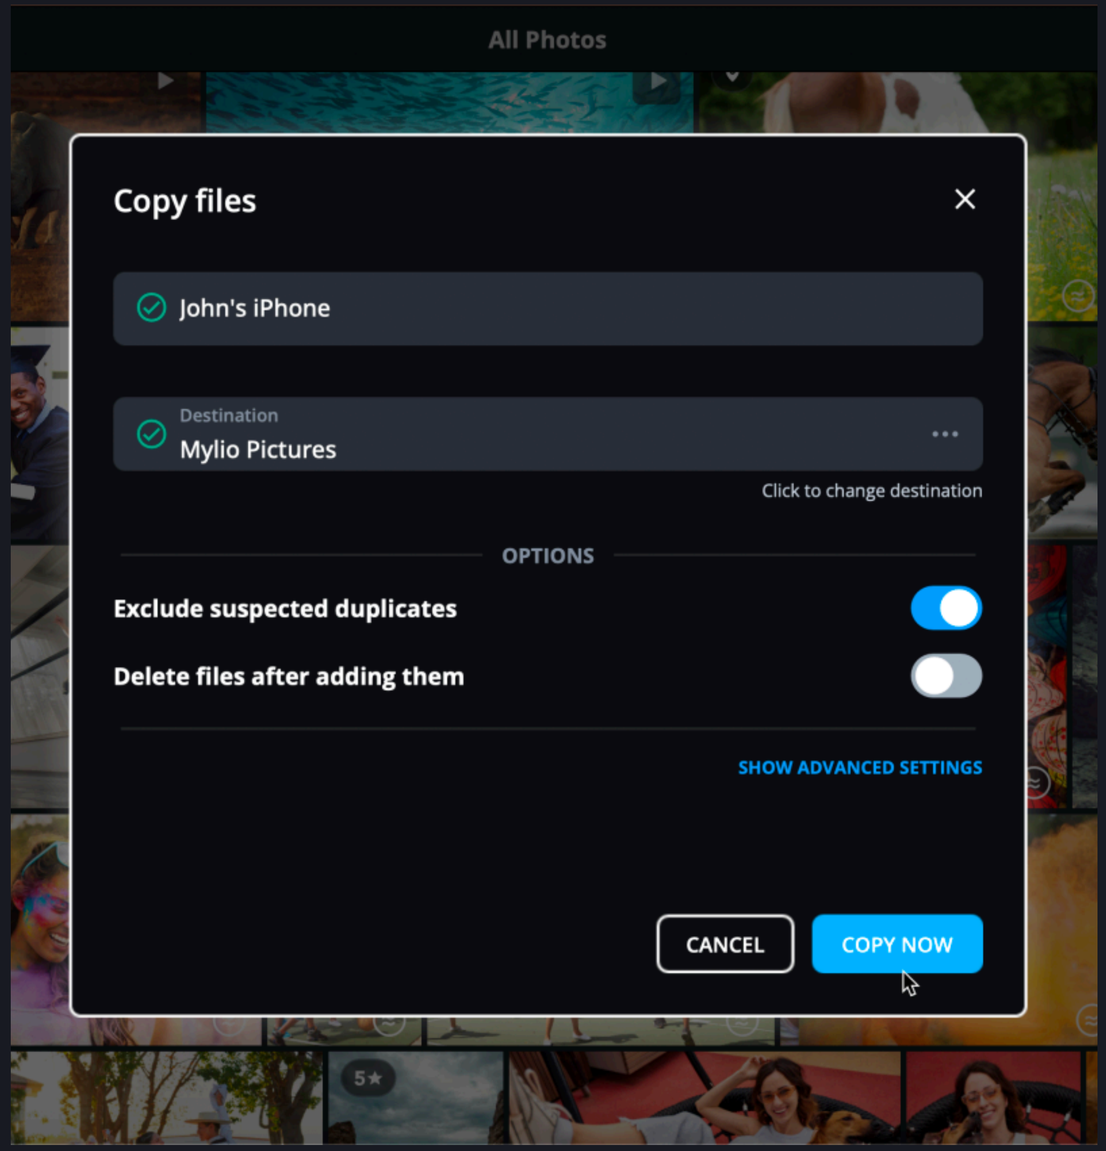
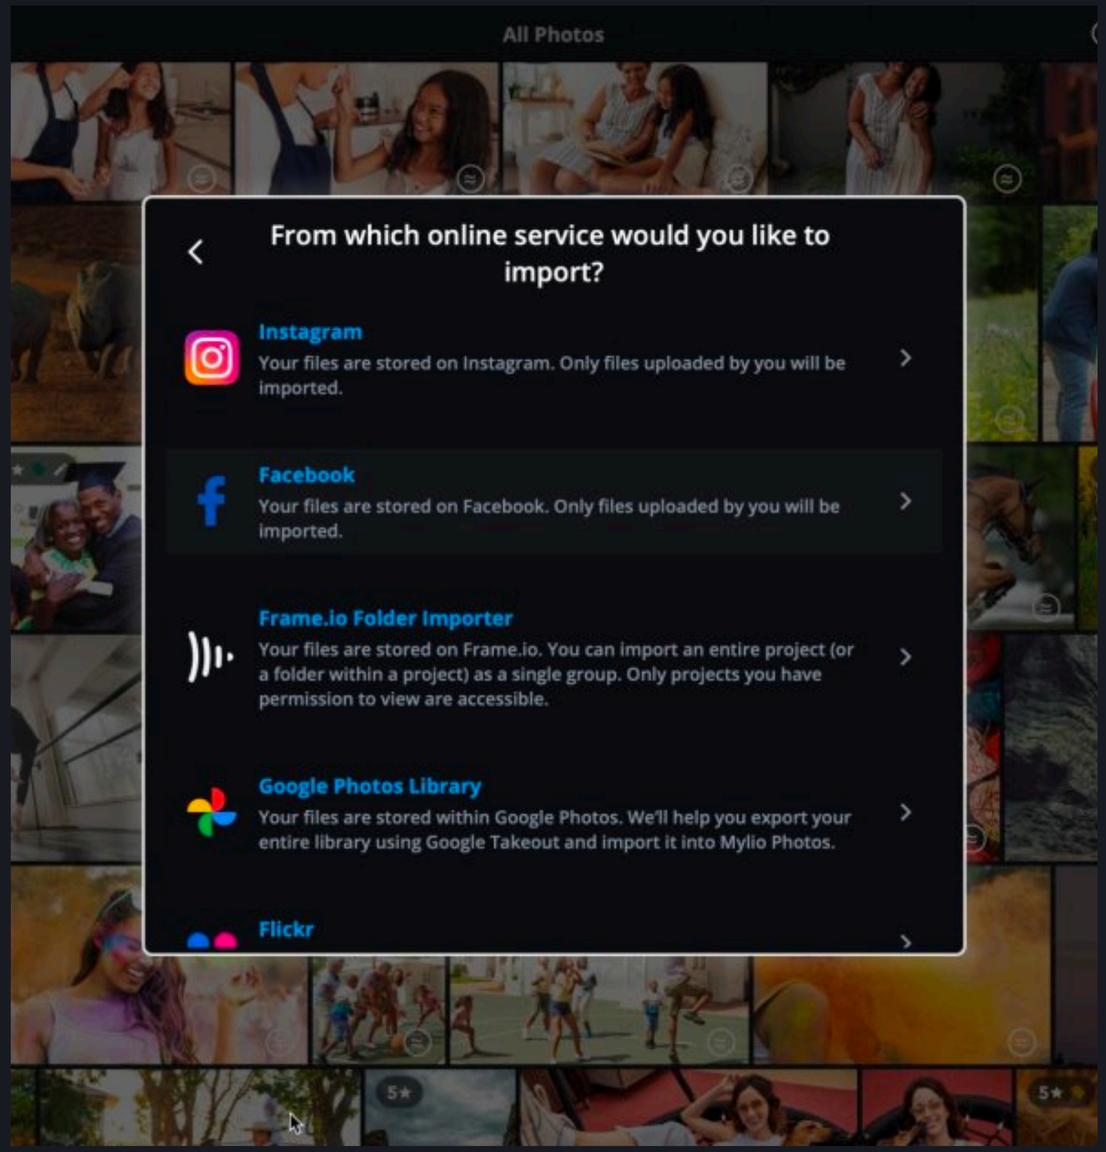
  - Choose Options
  - Click on Copy Now



ADD MEDIA FROM:

Online Services

- Examples of Online Services
  - Instagram
  - Facebook
  - frame.io
  - Google Photos Library
  - Flickr

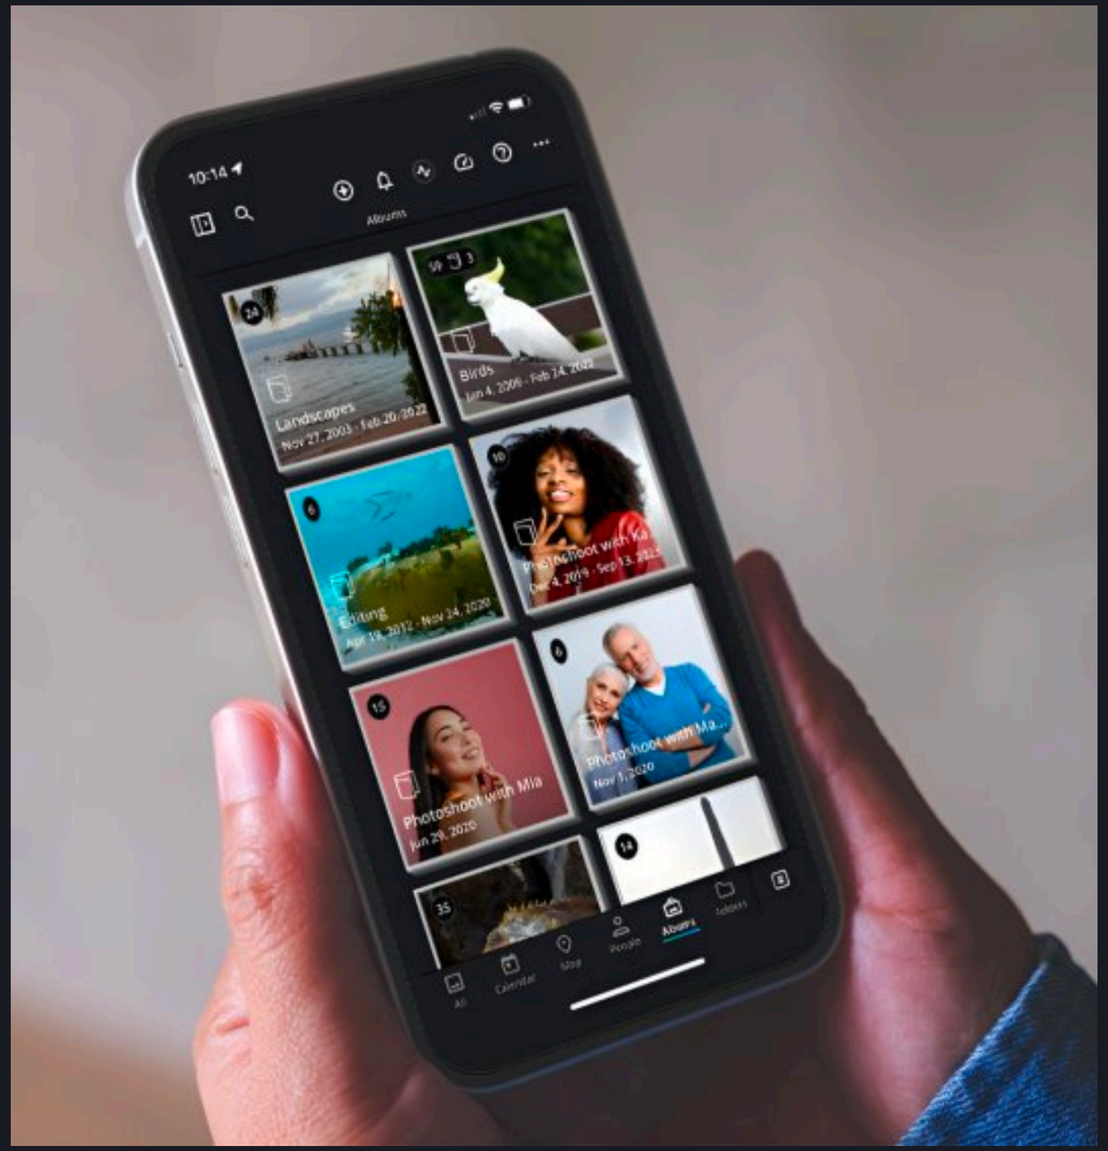


FIND ANYTHING FASTER

- Search by face and text recognition, GPS, camera data, and more.
- Useful AI SmartTags help find and choose the perfect image.
- Dynamic Index turns all metadata into useful details to power search and filters

WHAT HAPPENS WHEN IMPORTING AN IMAGE?

- Dynamically indexes your files
  - AI SmartTags
  - Optical Character Recognition (OCR)
  - Face Detection
  - Image Metadata
  - GPS and Location Information



USING DYNAMIC SEARCH

The following areas are dynamically scanned and indexed:

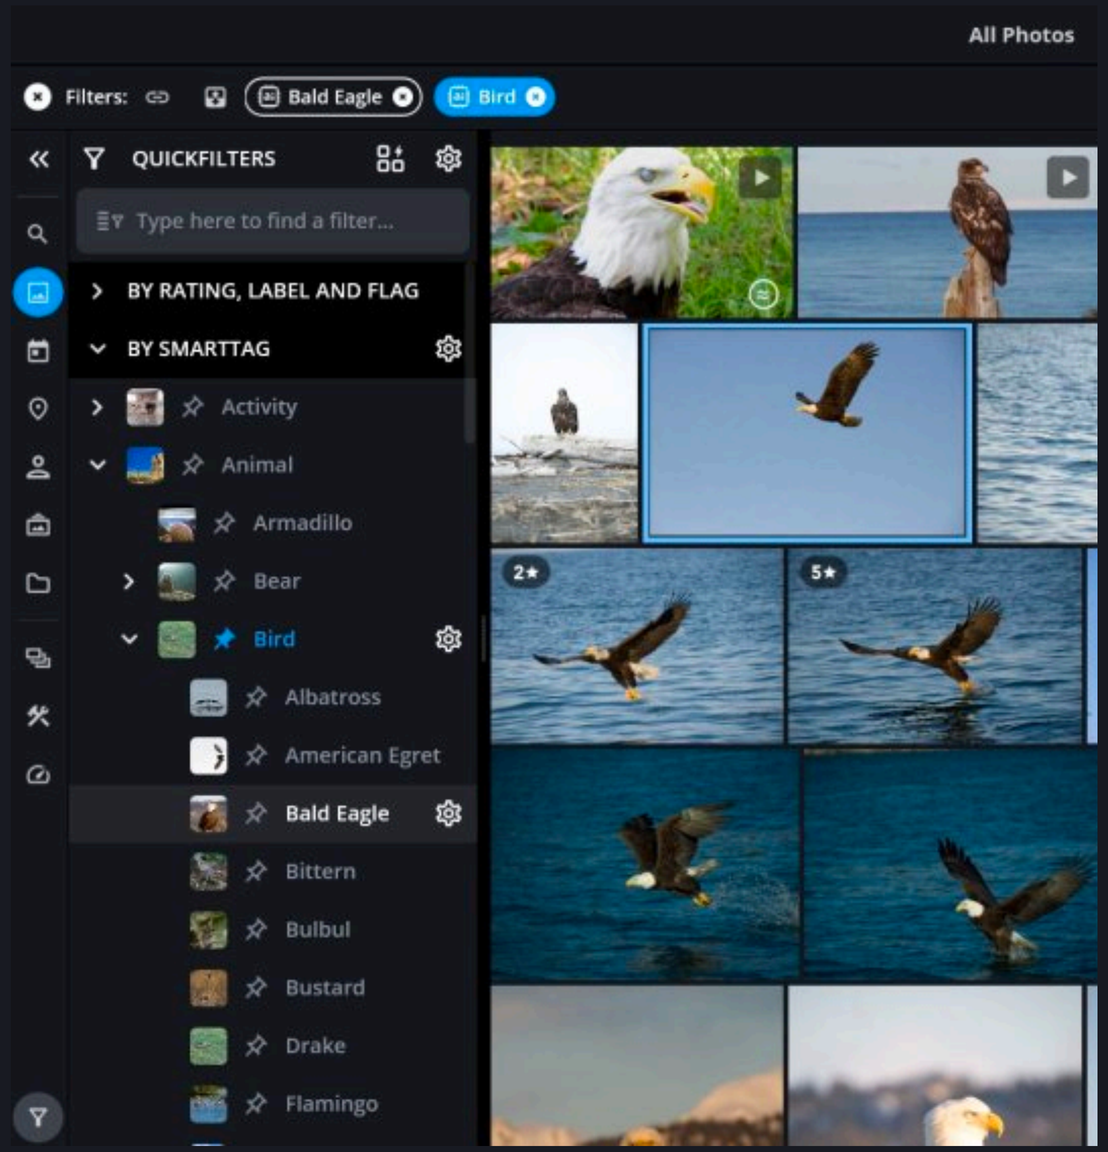
- **AI SmartTags** make all photos searchable by recognizing over 1,000 activities, objects, and properties in photos.
- Text in the file with **Optical Character Recognition** (OCR)
- Faces in the image with **Face Detection** and suggested matching based on user input
- Photo properties from the camera's EXIF metadata
- Embedded and user-added **IPTC metadata**
- **GPS data** is indexed as well as reverse geocoded into human-readable addresses

USING QUICKFILTERS

- Narrow down your results
  - By Rating, Label and Flag
  - By Date
  - By File
  - By Visual Property
  - By Camera and Lens
  - And much more!

USING SMARTTAGS

- Identify Subjects & Properties of an image
  - Exposure
  - Focus
  - Color
  - Types of Animals
  - Buildings
  - Vehicles
  - … and more!



VIEWS

- Browse different views
  - All Photos
  - Calendar
  - Map
  - People
  - Albums
  - Folders

BACKING UP

Worry-Free Backup

- Protection Vaults
- Mylio Photos+ backup runs automatically on your computers
- Mobile devices import and sync in the background or when the app is running
- Easily check the status of all your files and devices in the Sync Panel.

WHAT IS MYLIO PHOTOS?

- Mylio Photos makes it easy to browse and search even the largest photo library
- Blazing speed and customizable AI discovery tools make finding the perfect photo intuitive, fast, and enjoyable
- Mylio Photos empowers you to enrich your photos with rich details about the people, events, and locations in your photos and videos
- Plus, you can embed this information so it’s easily shareable and ready for future generations.
- Mylio Photos is a single, cloud-independent space for a lifetime of photos and videos

WHAT IS MYLIO PHOTOS+?

- Mylio Photos+ expands the capabilities of a Mylio Photos library.
- It's a complete solution to connect computers, phones, tablets, and hard drives into a single library that works independently of the Cloud
- The most important memories can be automatically backed up to multiple hard drives to protect against the loss or failure of a device
- With **SpaceSaver** technology, Mylio Photos+ can use optimized images for portable devices. These lightweight files are fully editable but can fit up to 15X more photos
- All the protection of the Cloud, with faster speeds, improved privacy, and at a predictable cost
